

Sustainability: Our position

As part of M&G we believe a healthy environment, prosperous society, and strong communities are in the long-term interest of both our customers and stakeholders. When businesses are run sustainably, with effective governance, we believe they can deliver stronger investment returns in the long term. That's a benefit for customers, and for wider society.

IFDL is an open architecture investment platform. Our platform offers a wide range of sustainable investments, however we do not make investment decisions on behalf of anyone or vet investments based on sustainability factors. If you require information on how sustainability risks are incorporated into your investment portfolio, please speak to your financial adviser.
