The additional value that you can add to your annual **ISA** allowance will be determined by a number of factors. Please see our **Terms and Conditions** for further information.

Can I transfer from my existing ISA into the Investment ISA?

What investment funds are available?

Your **Investment ISA** offers three funds:

- Royal London Sustainable Diversified Trust (Accumulation – Class D Shares);
- Royal London Sustainable Managed Growth Trust (Accumulation – Class D Shares); or

Any income which is earned will automatically be reinvested in the fund by the **Fund Manager**.

How can I find out the value of my Investment ISA?

We will send you:

- A statement four times a year which will tell you what your **Investment ISA** is worth; and
- A contract note each time you buy or sell units in your chosen fund, showing how much has been purchased or sold.

You can also find out the value of your **Investment ISA** by contacting **Royal London** using the details provided on the sixth page.

What charges do I have to pay?

There are two sets of charges applicable to your **Investment ISA**:

1. the **Product Administration Charge**; and
2. the **Fund Management Fee**

The **Product Administration Charge** is an annual charge of 0.35%, calculated on the total value of your **Investment ISA** (cash and funds), and is taken monthly in arrears. In other words, 1/12th of 0.35% per month. It’s applied by us for setting up and providing ongoing administration.

Part of the **Product Administration Charge** will be paid to **Royal London** for branding, marketing and distributing your **Investment ISA**.

We will keep 0.5% of the value of your **Investment ISA** in cash, which will be used to pay the **Product Administration Charge**. It will be held in a client bank account, which pays interest. You can contact **Royal London** using the details on the sixth page to find out the rate of interest payable on your **Investment ISA**.

If there isn’t enough cash in your **Investment ISA** to pay the **Product Administration Charge** we will deduct a further amount to bring the balance of the cash holding back to 0.5% of the value of your **Investment ISA**, and will be held in a client bank account.

The **Fund Management Fee** is an annual charge, it’s calculated and taken daily using the figure in the table below against the value of your **Fund**. For example, 1/365th of 0.72% per day. It’s applied by Royal London Unit Trust Managers Ltd (the ‘**Fund Manager**’) for the ongoing management of the assets and structure of your chosen **Fund**, and may vary from time to time. The **Fund Management Fee** is made up of the KIID ongoing charge and other charges including:

- dealing costs;
- broker fees; and
- one off charges which may be incurred from time to time.

See the below table for more details:

Fund	KIID ongoing charge	Fund Management Fee incl. KIID ongoing charge
<u>Royal London Sustainable Diversified Trust (Class D Acc)</u> <small>Figures correct as at 15/02/2024</small>	0.62%	0.70%
<u>Royal London Sustainable Managed Growth (Class D Acc)</u> <small>Figures correct as at 15/02/2024</small>	0.57%	0.58%
<u>Royal London Sustainable World Trust (Class D Acc)</u> <small>Figures correct as at 25/04/2024</small>	0.62%	0.72%

Royal London are not able to notify you in advance of changes to the **Fund Management Fee**, but up to date information is available by contacting **Royal London** on 0345 600 7788.

More information is also available in the **Key Investor Information Document** (‘KIID’) for each **Fund**.

What will I get back?

You will be entitled to the value of your investment in your chosen fund (less any charges or taxes that are payable). The value is calculated by multiplying the number of shares bought with your investment by the price of those shares on the day they are sold.

The value of your **Investment ISA** can go down as well as up, therefore the amount that you get back is not guaranteed. The amount that you will receive depends on the following factors:

- how much you invest;
- the performance of your chosen fund;
- the effect of the charges; and
- any withdrawals you have taken.

How does tax affect my Investment ISA?

Your **Investment ISA** is free from income tax and capital gains tax.

You do not have to declare your **Investment ISA** on your tax return.

Withdrawals from the **Investment ISA** are paid tax free.

Tax rules are applied according to individual circumstances and may change in the future. If you have any questions about tax relating to your personal circumstances, you should speak to a financial adviser.

How do I withdraw my money?

You can request a cash withdrawal from your **Investment ISA** by filling in the withdrawal request form. The minimum withdrawal is £50.00 and the maximum you can withdraw is the full value of your **Investment ISA**. You can only make one withdrawal per month.

You can contact **Royal London** using the details provided on the sixth page, and we will send this form to you. Once we have received your completed form, we will process it and the money will be paid into the bank account in your name that we hold for you. There are no charges for making withdrawals.

Can I transfer my Investment ISA to another ISA Manager?

You can ask us to transfer your **Investment ISA** to another stocks and shares or cash **ISA Manager** at any time. The transfer will be subject to the new **ISA Manager** agreeing to accept the transfer request.

You can only make full transfers of your **Investment ISA** to another **ISA Manager**. We do not offer partial transfers.

We can take up to 30 days to carry out your transfer request. On receipt of a written request from you, we will cash in your **Investment ISA** by selling your shares in the fund you are invested in. We will then sell your investments and transfer your **Investment ISA** in cash to your new **ISA Manager**.

We will not apply a charge for making a transfer, however, you will need to check with the receiving **ISA Manager** whether they will make a charge for accepting your transfer.

Can I close my Investment ISA?

Yes, you can close your **Investment ISA** by withdrawing all your money or by transferring your **Investment ISA** to another **ISA Manager**. If you wish to do this, please contact **Royal London** using the details provided on the sixth page.

We will make no charge to close your **Investment ISA**.

What happens to my Investment ISA on my death?

On your death, we will pay the value of your **Investment ISA** to your personal representatives.

It will then be up to your personal representatives to pay the proceeds of your **Investment ISA** to your beneficiaries. In certain circumstances, your **Surviving Spouse** may apply the value of your **Investment ISA** (determined by a number of factors) to increase their **ISA** allowance in an **ISA** held by them in accordance with **HMRC** rules.

Conflicts of Interest

Conflicts of Interest occur when, in the course of doing business with you, we or another customer of ours have an interest in obtaining a different result than the one that may be best for you.

We establish, operate and maintain effective policies and procedures within our business which are designed to:

- identify potential conflicts of interest which carry a risk of damage to our customers' interests;
- ensure that we take reasonable steps to prevent such conflicts arising; and
- provide a framework for us to follow to manage such conflicts to protect our customers' interests.

An example of a conflict of interest which may arise in connection with our service is when we are buying or selling funds: the timing of these deals and the order in which they are struck could affect the prices that customers get and so create conflicts between customers, and/or make a difference to the administrative workload and so create conflicts between what is easy for us and what is best for the customer. We address these potential conflicts by having an Order Execution Policy. Further details of our Conflict of Interest Policy are available upon request.
